BNL Summary Table - Highlights on Active Homelessness in HRM

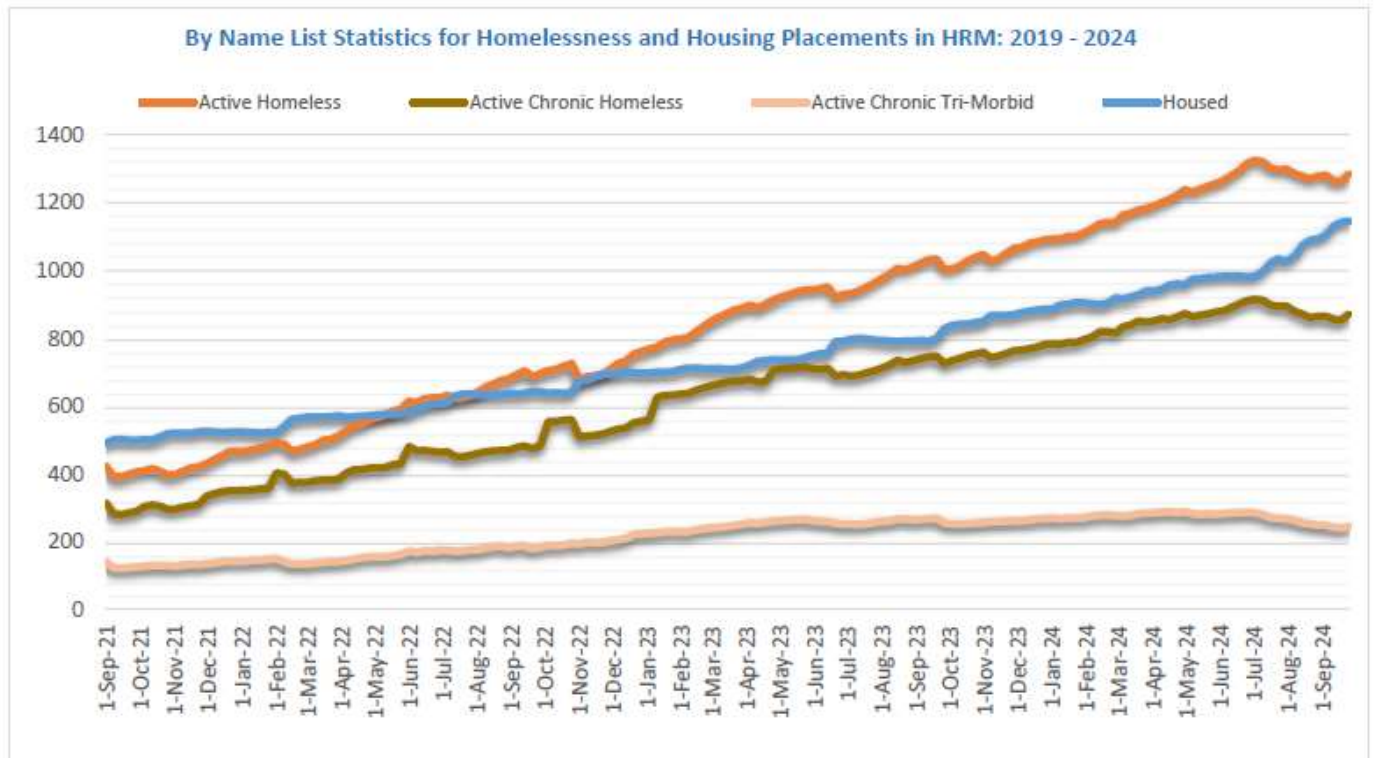

Week of 25-Sep-24

Highlights of the Week of September 25, 2024

	Current Week	Previous Week	Changes: +
BNL Total	2892	2863	29
Active Homeless	1287	1261	26
Active Chronic Homeless	873	855	18
Active Homeless Tri/Co Morbid	246	242	4

In the past week, 29 new individuals were added to the BNL for. Some of those 29 individuals were not newly homeless but were just added to the BNL for the first time. 5 individuals were updated as returned to homelessness. Despite this jump in, with additional housing opportunities expected to open there is potential to see the active number drop in the coming weeks.

Note: +/positive numbers identify that more people entered homelessness since the last report and -/negative numbers identify that fewer people are experiencing homelessness (become "inactive" or "housed")

Note: The impact of few affordable housing options - with only 2.4% of the rental options affordable to households in the lowest 20% of income distribution, lowest vacancy rate of 1% and higher levels of rental arrears - correlates with marked increases to the number of households experiencing homelessness in 2023 and onward.
