**Key numbers from this past week:**

- 44 individuals and/or families were added to the BNL for the first time
- 26 individuals and/or families were updated as "Housed"
- 10 individuals and/or families were updated as "Returned from Housed" to "Active"
- 89 individuals and/or families were updated as "Inactive" from "Active"

**These numbers cover a 3 week period from December 18, 2024 to January 8, 2025. Updates are coming in from a variety of sources including agency staff and HIFIS data. We continue to receive a number of updates from service providers. We are continuing to work with all partners to maintain the most up-to-date information for everyone on the BNL.**

Note: +/positive numbers identify that more people entered homelessness since the last report and -/negative numbers identify that fewer people are experiencing homelessness (become "Inactive" or "Housed")

**Note:** The impact of few affordable housing options - with only 2.4% of the rental options affordable to households in the lowest 20% of income distribution, lowest vacancy rate of 1% and higher levels of rental arrears - correlates with marked increases to the number of households experiencing homelessness in 2023 and onward.
